

# **I Am That One Disciple**

Now we sing a new song of friendship,  
That people of the world long to hear.

We rise up as the Sun of a New Age,  
Breaking through the darkness & fear.

Igniting every heart everywhere.  
Shining beacons proudly declare.

I am that one disciple.  
One with my mentor, I advance!  
I am that disciple.  
I am that One Disciple.

Where dignity of each life will shine,  
I will build that castle of peace.

Dialogue as the way of my life,  
I will build an age of solidarity.

Ceaselessly I deepen my vow,  
Raising the flag of humanity.

Now  
I soar  
In skies  
of a New Age.

I leap  
& dance  
With joy  
On the world stage.

I spark  
A ray  
Of hope  
In each life  
Leaving no one behind.

I rise  
With might  
To fight  
Courageously.

Never cease  
To sow  
The seeds  
of unity.

Sensei,  
I will  
Fulfil  
My Great Vow  
As long as I am alive.

I am that one disciple.  
One with my mentor, I advance!  
I am that disciple.  
I am that One Disciple.

Age of Soka shines forever!  
Champions of Soka rise together!

Happiness of humanity is the reason  
for our birth  
As Countless Shin'ichis we emerge  
from the earth  
Again & again, I emerge from the earth  
Again & again, I emerge from the earth

**I Am That One Disciple!**
