

I ARISE

**I am with you Sensei
I make this vow today
Sensei**

**Today, again, I arise
Turn my face to the wind
Lift my spirit to the skies**

**Today I will not give in
Even though we're thousands of miles apart
I will stay in step with my mentor's heart**

Chorus:

**I am with you Sensei
Wherever you lead
I'm beside you though storms may assail us
I am ready Sensei
And nothing will stand in my way
Today
I arise I arise I arise**

**Today I'm fighting to win
If I give up our dream
What will I have lived for then**

**Today I will not give in
With your words of wisdom each day I'll start
Every word emblazoned across my heart**
